Average scores:

Secondary education: 30%

Bachelor's degree: 40%

Master's degree: 50%

ABILITIES

Figures

50%

In this section, the candidate is tasked with identifying a hidden pattern in the series of figures. The goal is to recognise the pattern and thus find the correct solution.

Number series

100%

In the numerical sequences section, the candidate must use numerical data to answer questions. This can range from solving problems to completing numerical sequences. The ability to process and apply numerical information is often crucial for working efficiently.

Letter sequences

100%

In this section, the candidate must identify a hidden pattern in a letter sequence. The candidate needs to recognise the pattern and complete the sequence with the missing letters.
